

AIR 65-K4

Large Forklifts

HEAVY DUTY

The KAB 65-K4 is a heavy duty, air suspension seat that is ideal for use in large forklifts that have the cabin space to accommodate a seat of this size.

Uniquely, it is the only seat within the KAB forklift seating range that is user weight rated to 200kg. It is also the only seat in the range that accommodates belt interchangeability, thus allowing you upgrade the seat belt (lap, 3 point or harness) at anytime without having to replace the entire seat.

These unique features combined with the capability to eliminate up to 70% of harmful vibrations, as well as an extensive range of ergonomic adjustments and user-friendly controls makes the KAB 65K4 the best choice for large forklifts.
